

KEDGE BS BORDEAUX CAMPUS - INFORMATION FORM 2013/2014

KEDGE Business School

BEM Bordeaux Management School managed by Philip McLaughlin (main campus located in Bordeaux), and **Euromed Management** managed by Bernard Belletante (main campus located in Marseille) have committed themselves to a merger process which will be finalised in July 2013, with the opening of KEDGE Business School.

BEM and Euromed Management both have similar levels in terms of ranking, and share **common values and ambitions**:

- The professional development of their students (student projects, Internships, vocational training...)
- An extremely wide choice of courses, flexibility and autonomy
- An personalized approach with an emphasis on the balance between personal and professional development
- Responsibility, a value which runs throughout our teaching
- The encouragement and accompaniment of entrepreneurship and creativity

Strengthened by these common objectives, cultural complementarity and fields of expertise, this merger intends to add value and capitalise on the assets of each establishment, an ambitious and innovative multiplication factor in the higher education management training market, on a global level.
