

NIKASSEL

A young university with history and noteworthy academic predecessors (The School of Art and Design, State Library, German Colonial School, Polytechnic)

- An unconventional range of expertise including natural and technological sciences, art, humanities, and social sciences
- International research collaborations and networks at the heart of regional development
- The challenges facing society and the environment are a focus in the teaching and research profile
- Basic research to application, leading to business start-ups

I K A S S E L

- Changes within our industrial society and the structures of our communities are key topics
- A broad spectrum of study and research: humanities, economics, social studies, architecture, urban and rural planning, educational sciences, gender studies and the changing world of employment

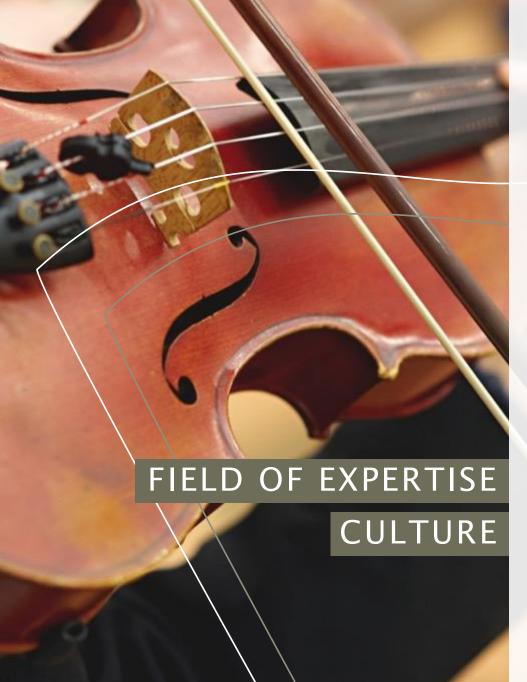

- Innovation and links with industry are the hallmarks of the engineering and computer science faculties
- Expertise for the future:
 material sciences, thermo mechanical processes,
 technical system simulation,
 vehicle systems technology,
 multimedia learning environ ments, and mobile internet

- Over 60 subjects with an environmental focus
- Competencies in natural, environmental and agricultural sciences
- Widely respected research contributions in the fields of sustainability, environmental protection, energy transition and the impacts of climate change
- Research focus
 nanostructure science

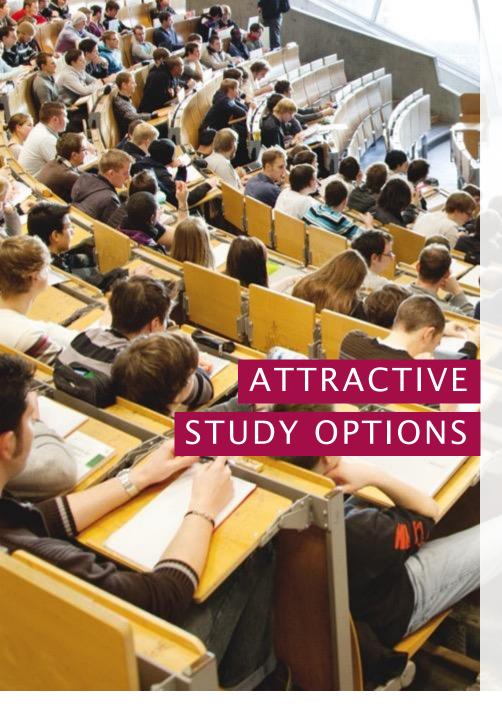

- The School of Art and Design: visual interpretation through fine arts, visual communication, animation and product design
- Interdisciplinary links with other fields of research
- Closely connected to the documenta, a highlight of the global contemporary art scene

WINTER SEMESTER 2016/17	
Matriculated Students	25,538
International Students	3,201
Of that: Students who did not do their schooling in Germany	2,195
Of that: Foreign nationals with German university entrance qualification	1,006
First Year Students	6,015
Graduates (2017)	3,222
Doctorates (2017)	224

- Regionally based with an international outlook
- Part of a global network including
 - worldwide university partners, over 200 faculty level
 collaborations and approx. 250 bilateral agreements in the
 frame of the EU Mobility Scheme "Erasmus Plus"
 - In the winter semester 2016/2017 3,201 students from 140 countries undertook studies at Kassel University
 - With 12.5 percent of students being international students
 Kassel lies well above the national average

Research in Kassel is cross-faculty, cutting edge and interdisciplinary

- Technical system simulation
- Nanostructure and molecular sciences
- Educational research including university research
- Global social policy, development policy and human working conditions
- Environmental, climate and energy research
- Energy supply systems of the future
- Culture and gender research
- Social useful IT-Design

Wissenschaftliche Einrichtungen

- Center for Environmental Systems Research (CESR)
- Center for Interdisciplinary Nanostructure Science and Technology (CINSaT)
- International Centre for Higher Education Research Kassel (INCHER-Kassel)
- · Research Centre for Information System Design (ITeG)

Forschungs- und Kompetenzzentren

- International Center for Development and Decent Work (ICDD)
- The Centre of Competence for Distributed Electric Power Technology (**KDEE**)
- Competence Centre for Climate Change Mitigation and Adaptation (CliMA)
- Competence Centre for Empirical Research Methods
- Automotive Systems Research Centre (FAST)
- Research Cooperation for Social Law and Social Policy (FoSS)
- Research Centre for Latin America (CELA Kassel)
- Centre for Empirical Education Research (ZELL)

Collaborative Research Centre (DFG)

 Sonderforschungsbereich 1319 "Extreme light for sensing and driving molecular chirality" (ELCH)

Research Cluster (LOEWE)

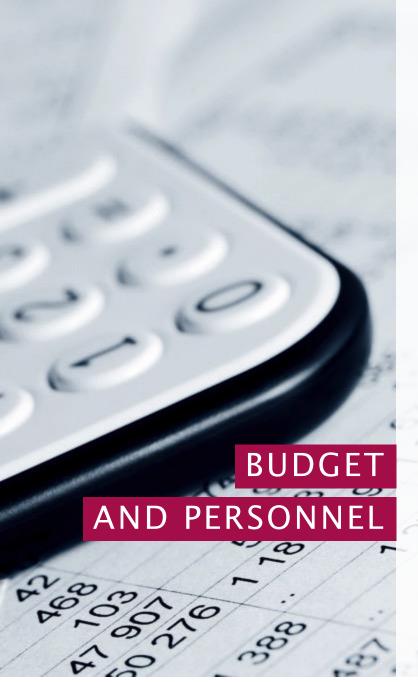

- Safer Materials
- Desirable Difficulties in Learning
- Allegro New Aluminiums

PERSONNEL 2017	
Professors (State employed)	298
Temporary Professors	24
Guest Professors	15
Research-artistic personnel	1,602
Student Assistants	156
Administrative and technical personnel	1,242
TOTAL	3,337

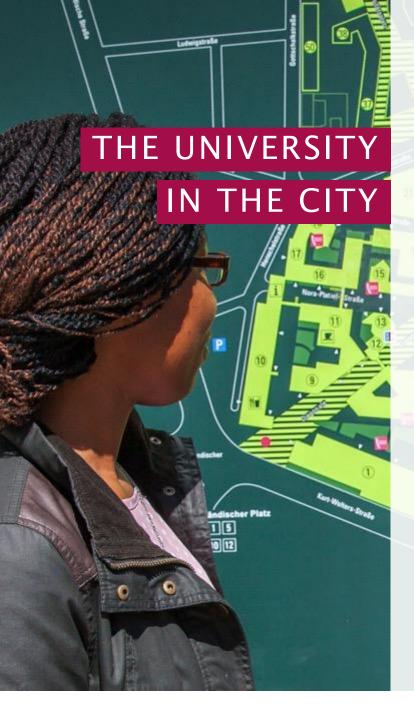

BUDGET 2017	
State Funding	193.48 Mio. €
Additional Funding	60.47 Mio. €
Building Investment	17.27 Mio. €

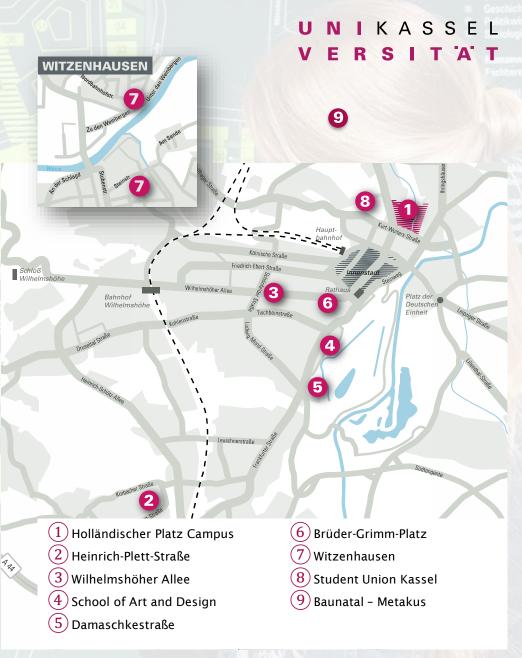

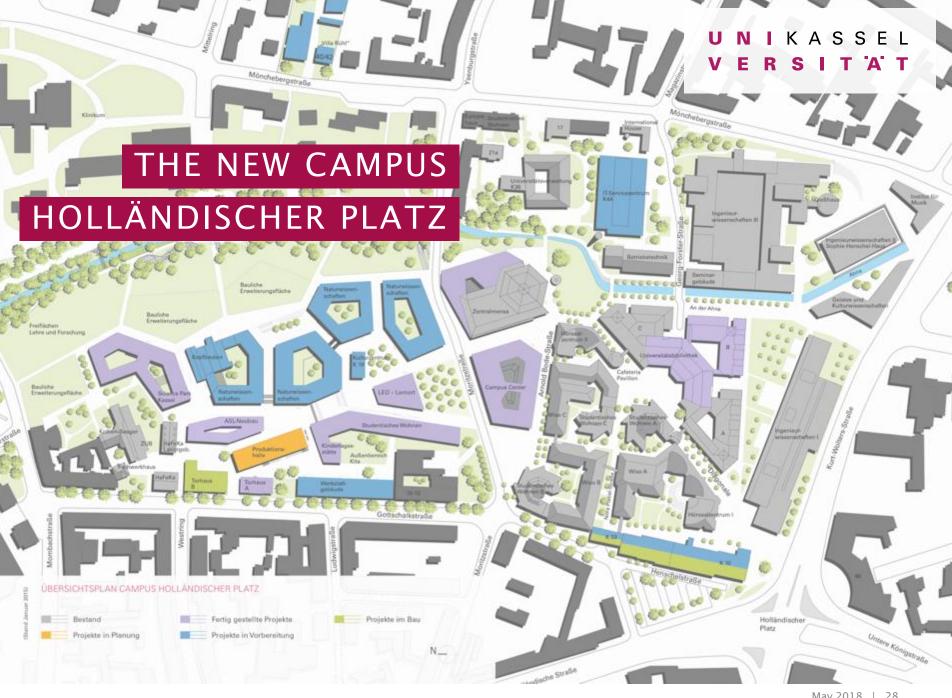

UNIKASSEL VERSITAT

- In the middle of Germany and Europe
- Unique blend of cultural city and outdoor lifestyles
- documenta city
- Green city parks and natural landscapes
- World Heritage site –
 Bergpark Wilhelmshöhe
- Industrial, service and administrative centre for North Hesse

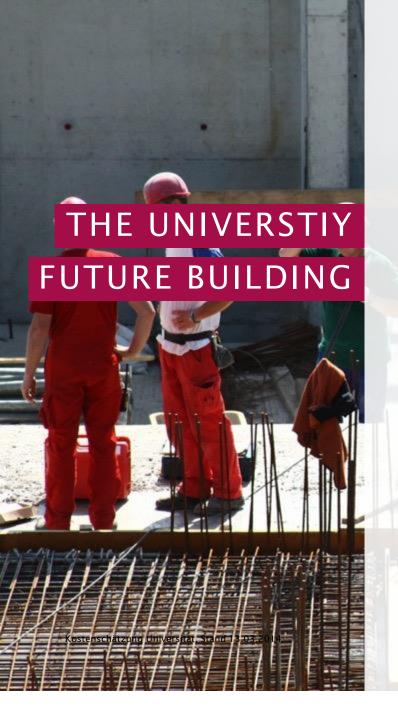

UNIKASSEL V E R S I T A T

BUILDING PROJECTS WITHIN THE SCHEME	
Building Projects (completed)	
Institute for Music and Faculty Building for Social and Cultural Studies, new build	26.2 Mio. €
Conversion and renovation of Gate A buildung	3.0 Mio. €
Educational Research Centre for North Hesse, new build	3.3 Mio. €
Conversion and extension of the central refectory	16.2 Mio. €
Institute for Sport and Sports Research, new build	4.4 Mio. €
Child Day Care Centre, new build	2.8 Mio. €
Student Halls of Residence, new build	8.6 Mio. €
Campus Centre, new build	40.3 Mio. €
ASL, new build	13.8 Mio. €
LEO - Lernort, new build	5.3 Mio €
Conversion and renovation of buildings K10/K33	3.0 Mio. €
TOTAL	126.9 Mio. €

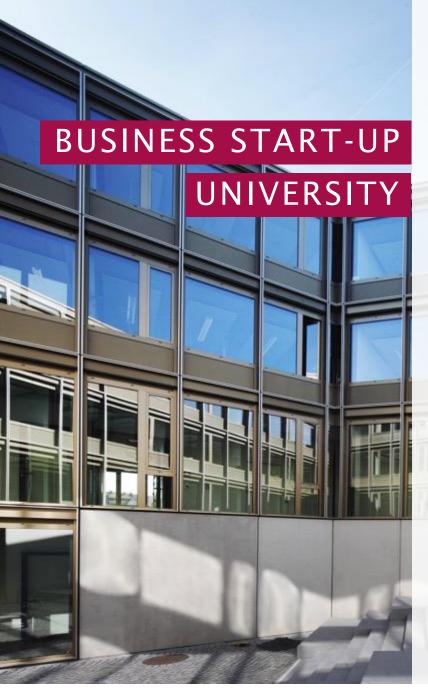

THE UNIVERSITY IS BUILDING	
Conversion and renovation of Gate B	5.2 Mio. €
Conversion and renovation Produktionshalle	7.8 Mio. €
Infrastructure and open spaces	15.4 Mio. €
Conversion and renovation Central University Library	20.7 Mio. €
Renovation of existing building and new build Murhardsche Library	13.7 Mio. €
SUMME	62.8 Mio. €

THE UNIVERSITY KEEPS ON BUILDING	
New build for Natural Sciences	110.0 Mio. €
Conversion and renovation School of Art and Design	1 <mark>5.0 Mi</mark> o. €
Constantly: renovation of the existing buildings	

- Key role in the dynamic development of Kassel
- Particularly effective through knowledge and technology transfer activities in the region
- UniKasselTransfer founded in 2003
- Recognised as a 'Business Start-up University'
- Science Park Kassel opens 2015 providing a hub for transfer activities www.sciencepark-kassel.de
- Since 2015 the site of the HOUSE OF ENERGY

- Business start-ups:More than 300 business start-ups
- **Jobs**: Approx. 5,200 highly skilled jobs (without SMA), 420 Mio. Euro revenue
- Highlight: SMA with 5,000 jobs
- Value creation:

 An estimated 170 Mio. Euro
 attributed to university activities

POSITIVE **IMAGE**

- There has been a clear rise in the university's reputation in the eyes of the general public since 2007 (Image-Analyse Mann 2013)
- 47.7% found the overall image of the university to be good or very good (an increase of 18.1% compared to 2007)
- Only 1.7% found the overall image to be poor or very poor (2007: 4.5%)
- 58.3% of business leaders rated the university as good or very good in partnerships (2007: 46.4%)
